Please let us have your opinions on the modified course. Is it longer or shorter, faster or slower, harder or easier? The times suggest it was significantly slower but the distance looks the same on the map! The conditions also did not contribute to fast times.

Thanks to our starter Peter Lee , to the timekeepers and all the marshalls who got wet around the course.

Regretably for the first time we did not have any ladies teams. We must try harder next year.
