

## **The Committee Message**

The senior (in age) committee member was looking forward to his second prize of the week having gained a rosette at the annual Slyne with Hest Rose Queen Gala.

However other teams seem to have worked out our system and the Psychosomatics romped home with the age gender prize. It was good to see two ladies teams with the Babes beating the Bombers in the blazing sun. The Green Shoots mixed appeared again and won again, but not as fast as last year. Congratulations to the Physics FRS team (used to be Spactech team) for their first outright win. In fact not a bad day for physics since the Postgraduate Nukes came in third overall.

Despite the good weather no records were broken. It was our impression that the modified course was almost identical in distance to the previous course so we will not start a new set of records. Apparently the idea behind the new fence is to save on mowing by having sheep graze on the football fields - but they can't afford to finish the last few yards of fence!

Our thanks to all the helpers on the day: Roger and Carol (timing and recording); Chris, Kay, Steve, Bill (road marshals). George Pickett was our official starter.

PS Come back Maths we really missed you!
